1st Asst Chief

Richard Valentine
2nd Asst Chief

* Press Release *

On Friday, June 9th at 04:10 the Esopus Fire Department was dispatched to a report of smoke in the structure at 671 Broadway in Ulster Park. While responding firefighters were updated that the address could be 617 Broadway, not 671 as dispatched. Due to the quick thinking of the dispatchers at Ulster 911, there was minimal to no delay in response. The first arriving unit was on scene within 7 minutes reporting a smoke condition in the residence. Firefighters made entry, located the fire, and placed it under control within 15 minutes from the time of the dispatch. The fire was contained to the dryer and resulted in minimal smoke damage to the building. The fire damage was minimal due to the activation of smoke alarms. All units were clear of the scene in just over an hour.

Firefighters were assisted by the Town of Esopus Building Department and the Ulster County Fire Investigation Unit.
